

MACLEOD'S \$15,000.00 COVERED RINK PROJECT IS ENTHUSIASTICALLY LAUNCHED

SUMMARY OF RECOMMENDATIONS IN DR. WIDTSON'S REPORT ON L.N. IRRIGATION DISTRICT

Some of the chief recommendations contained in this report may be summarized as follows:

1. A consistent continued campaign by local, Provincial and Dominion agencies to explain to the people the advantages of irrigation farming in Southern Alberta.
2. The formulation by the experimental and other agricultural agencies of a program of diversified and intensive agriculture, and of a set of rules for the proper use of water in agriculture.
3. Technical aid in the form of advisers who on the farm may give intimate counsel to the water users.
4. The support of all agencies that assist in the promotion of agriculture: The Alberta University, the Provincial Department of Agriculture, the Federal and Provincial Experiment Stations; the extension service, and the newspapers.
5. The establishment of proper marketing organizations, including movements to secure sugar factories, canneries, creameries and cheese factories, as well as ensure the farmer markets for his crops.
6. Holdings on the project should be limited to 160 acres, and surplus lands should be placed at the disposal of the Province at a nominal price for colonization purposes. Relief should not be extended to those who will neither cultivate nor reduce their holdings.
7. Lands held by non-residents and not cultivated should be disposed of as recommended for surplus lands.
8. Tenants should be given options to buy the land that they cultivate at the reasonable prices agreed upon for the project. When that is done, tenants operated by farmers should have the privileges of home places.
9. Since 300 farmers are needed on the project at once, a united effort should be made through the existing local, corporate, Provincial and Dominion agencies to secure these colonists quickly, especially from amongst Canadian dry-farmers who are seeking new home places.
10. The necessary financial and technical help should be extended to the colonists but only as needed.
11. Steps should be taken to provide

SEVERE CASTIGATION OF PREMIER GREENFIELD AND GOVERNMENT MARKS DEBATE ON THE BUDGET

Edmonton, March 17.—Another merciless grilling was administered to Premier Greenfield in the legislature this afternoon over his failure to carry out his promise to turn over a share of the liquor profits to the municipalities this year.

The lash was wielded by W. M. Davidson, Calgary, who declared, "the premier had treated the municipalities of this province in the manner that absolutely dishonest," in refusing to divide the 1925 liquor profits as he had promised one year ago.

Premier Silent

Premier Greenfield sat silent during the castigation as he had done the night previously when attacked in similar strain by R. C. Marshall, Calgary.

"One year ago the premier solemnly pledged his word to the town and cities that in 1925 they would get a share of the liquor profits," declared Mr. Davidson. "The promise was not given under pressure nor in sudden impulse, it was a carefully considered statement, and from that day to this the cities have never been notified that there was any change in the government's policy. They laid their plans for this year's financing accordingly and today they are informed that the government has broken faith, that the premier has violated his sacred pledge, something that would not be lightly regarded in the realms of ordinary business."

Mr. Davidson said further that this was not the first occasion upon which the government had treated its promise lightly, and such occurrences induced people to place the blame on provincial officials when any dispute arose over negotiations with the Dominion cabinet.

Discrimination Charged

Mr. Davidson also arraigned the government for announcing their policy to the U.F.A. caucus days previously on the question of liquor profits but refusing to give any information to other groups in the house even though the budget debate had progressed for several days.

Hon. George Hoadley, minister of agriculture, who continued the debate for the remainder of the afternoon and for a considerable portion of the night sitting, regretted that Mr. Davidson had used the word "dishonest" in reference to the government's attitude on the liquor profits question. He did not deny that a promise to share the profits had been given one year ago, but he explained that it was impossible to turn over any portion of the liquor proceeds unless new taxation was imposed. Promises in private life must be kept, but promises in public life, Mr. Hoadley argued, had to be tempered with consideration of what was most advisable in the public interest. Granting that \$300,000 had been turned over from liquor sales to the municipalities this year on a basis of population, Mr. Hoadley went on, the city of Calgary would have received about \$30,000. Such a policy would have necessitated imposing an income tax which would have superseded the service tax in Calgary from which \$50,000 is derived.

At an enthusiastic meeting of Macleod sport fans, included among which was a representative showing of business men and a goodly array of the ladies of Macleod, held on Friday evening last in the town hall, the Macleod Covered Rink Project was formally launched.

The meeting had been called by Mayor McDonald, and in his absence by reason of inability to be present on account of illness, A. D. Ferguson, president of the Board of Trade, occupied the chair, and J. B. Sutherland was appointed secretary pro tem.

Mr. Ferguson spoke of the object of the meeting, the necessity of a covered rink, and asked for a full and free discussion of the matter in hand by those present, and lauded the Broom Ball Club for taking the initiative in the new popular movement.

A committee which had been appointed by the Board of Trade to look into the Covered Rink Project, comprised of Dr. Kirk, J. B. Sutherland and R. L. Hackett, reported favorably as to the project and possibilities of its being brought to a successful conclusion. Amongst those of the audience who spoke enthusiastically of the project as a real necessity were Judge MacDonald, Dr. Kirk, Dr. Kennedy, R. L. Hackett, M. L. Jordan, J. B. Sutherland and A. F. Grady, while Mrs. A. F. Grady representing the Broom Ball Club, announced that that organization had \$200 in hand to turn over to the Rink Fund, which statement was received with appreciative applause. After considerable discussion it was unanimously agreed that a Covered Rink was desirable, and that probably \$15,000 would build a rink that would serve Macleod's needs, and a committee was appointed to proceed with the organization of a stock company to handle the project.

Minutes of the Meeting

Kirk—Remarks—That J. B. Sutherland be appointed secretary pro tem.—Carried.

The report of the sports committee of the Board of Trade was then read, and on motion of Dr. Kirk seconded by A. F. Grady, was received and discussed.

Kirk—(Judge) MacDonald—That we proceed with the erection of a combined Curling and Skating Rink.—Carried.

(Judge) MacDonald—Remarks—That A. D. Ferguson, Dr. Kennedy, J. W.

McDonald, Mrs. A. F. Grady, Mrs. J. B. McDonald, R. L. Hackett, J. B. Sutherland, Dr. Kirk be a committee to proceed with organization, this to include the formation of a stock company; the committee to be given power either to proceed or report back as they see fit.—Carried.

Kennedy—Kirk—That Judge MacDonald's name be added to organization committee.—Carried.

Kirk—Grady—That the company sell 1500 shares at \$10.00 each.—Carried.

Chairman Ferguson expressed appreciation of the efforts of the Broom Ball Club, who were the first to initiate the idea of organizations contributing to the Rink Fund, and who had signed that their club had \$200 for the fund.

The chairman asked the organization committee to meet at the Rest Room on Monday afternoon, March 16th, at 5:30 p.m., for the purpose of appointing committees for canvassing stock sales, or any other necessary business that might arise.

Swinerton—Grady—Adjournment.

It would seem that with the rink project now regularly gotten under way that the assurance of its eventual attainment to a substantial four-walled and roofed fact will quickly follow. The well-known civic pride of Macleod's business men and residents—the spirit that fostered the gloriously successful culmination of Macleod's Jubilee—will be fanned into a red hot glow of persistent endeavor that will achieve the objective in spite of all obstacles—Blairmore could and did—Coleman could and did—Bellevue could and did—Macleod can and will—Lo, Presto! and yonder stands Macleod's Covered Rink—a lasting monument to the progressive spirit of Macleod's citizens and an eloquent witness to their tenacity of purpose in furthering the welfare of Macleod's rising generation.—Come on, Let's Go—We'll build a temple of recreation for our youth that will tend towards healthy bodies and toward clean and clear mentalities. And—domestic dialogue, Macleod, winter 1926:

Father—"Where in the dickens are all those kids?"

Mother—"At the rink, pa," with a contented sigh.

Father—"aw'right, some satisfaction to know where they're at," also with contented masculine sigh.

TORNADO KILLS 891 IN MID-WEST

Chicago, Mar. 19.—The most devastating storm in nearly half a century swept through portions of six mid-western states last night collecting a dead and injured toll estimated at nearly four thousand and causing property damage of many millions. Early today the casualties were reported as 891 dead and 2,832 injured, though from some sections definite reports had not been received.

Twenty-six cities and towns in five states were hit by the tornado. It followed a path from Cape Girardeau, Missouri, to Elizabeth, Indiana, with one branch of the tornado passing over Witham, Tenn., and into Central Kentucky.

The principal cities affected were Murphysboro, Desoto and West Frankfort, in Illinois, and Griffin, Owensville, and Princeton, in Indiana, and Witham, Tennessee.

FOR RESTORATION OF PRIORITY RIGHTS ON MORTGAGE LOANS

Edmonton, March 18.—Providing mortgage loan companies established a lower rate of interest in the province, M. C. McKee, Farmer member for Lac Ste. Anne, told the legislature last night that he was prepared to vote immediately for the lifting of priority rights now obtaining by special legislation, excepting those of the regular municipal tax priorities, and he was further prepared to restore the personal covenant in all future mortgages. His statement was received by applause from all the Liberal and Independent groups in the house.

It's a sad and disappointing world and nobody ever gets to be as important as he feels at sixteen.

One characteristic of Christian nations is the way they keep the grand juries busy.

carry Dix off to a mountain but while Powell goes about kidnapping Miss Howard.

MOVIE FANS LIKE LLOYD HAMILTON

Lloyd Hamilton, the star of "His Darker Self," the new feature length back back comedy comedy, came to the Empress Theatre next Friday only, is one of the most popular comedians on the screen. A questionnaire sent to several thousand exhibitors and motion picture editors of the country asking what screen comedian is apparently the most popular with patrons of the theatres proved that Charles Chaplin, Harold Lloyd and Lloyd Hamilton were the best liked. This is most significant in view of the fact that Hamilton has never made a feature length comedy before.

James W. Dean, well known motion picture critic, whose syndicated reviews appear in hundreds of newspapers said of Lloyd Hamilton:

"I dare say Hamilton is inherently a funnier man than Chaplin or Lloyd or Keaton. He is the only one of the four who makes me laugh when I meet him. Chaplin's shuffle is no funnier than Hamilton's toe-hold-hip-shoulder gait. Keaton's frozen face is no more grotesque than the expansive map of Hamilton. Lloyd has the appearance of an unsophisticated youth, but Hamilton's countenance is often as innocent as a baby's."

In "His Darker Self" Hamilton has the part of Claude Sappington, an amateur sleuth, who in his effort to capture a murderer applies burnt cork, mixes with the "culd genies" and has many wild adventures as a result. The supporting cast in this screaming comedy of two colors includes Tom Wilson, Tom O'Malley, Lucille La Verne, John Harrigan, Edna May Sperl, Sally Long, Kate Bruce and Warren Cook.

WINNIPEG KIDDIES

How many of the Winnipeg Kiddies, scheduled to offer their new 1925 fun song and dance revue at the Empress Theatre next Saturday—21st Matinee and Night are destined for Broadway stardom?

If past experience is any criterion a considerable number of them are due to blossom forth as New York luminaries.

The organization hitherto has proved a fertile exploring ground for New York managers in search of talent and during the comparatively few years of its existence it has graduated numerous members into leading roles in Broadway musical comedy productions as well as into big time vaudeville headline spots.

Marjorie and Thelma Wolpan, Keith and Orpheum circuit vaudeville headliners of today and former featured performers with Fred Stone in "Tip Top" both in New York and on tour, stepped from the kiddie company into a big production. They recently signed up for European engagements aggregating two years and will be featured abroad in big musical shows.

Cynthia Foby, a former kiddie, is a big hit now in the new Fred Stone show on Broadway. Ruby Lofthouse, premium danseuse last season on Broadway in "The Cute Little Devil" and understudy for Constance Binney the star, was a member of the Winnipeg Kiddies a few years ago.

These are but a very few of the members of the famous organization who have made a name for themselves in New York. Critics who have seen the present organization are a unit in predicting Broadway stardom for such of its talented members as Frankie Bird, Jimmie Coghil, Clifford Needham, Elsie Powell, Rose Ames and Frankie Barclay.

FARMER AND LABOR MEMBERS ALBERTA LEGISLATURE, RE-FUSE LIBERAL PROPOSAL TO CUT 1925 ESTIMATES BY \$600,000

Edmonton, March 17.—Division bells caught a large number of legislators napping during the course of a somewhat wearisome afternoon of speech-making in the legislature Tuesday, the house being called to vote on an amendment to the budget motion proposed on behalf of the Liberals by J. C. Bowen, Edmonton, and Joseph Deane, Beaver River. The amendment deplored that the estimated expenditure of the government for 1925 was the highest in the history of the province, and proposed a cut of "not less than \$600,000" in the \$11,000,000 total.

The amendment was voted down shortly before six o'clock by a count of 39-11, the government registering solidly against, and being supported by Messrs. White, Christophers and Johnson, from the Labor benches, and Robt. Pearson, Ind. W. M. Davidson, Calgary, Ind., voted with the ten Liberals for the present amendment.

Regular Debate Resumed

The debate on the budget had been tottering rather badly all afternoon. Before Mr. Bowen sprang the amendment the collapse of the oratorical derby seemed imminent. Contrary to expectations, after the amendment had been shunted out of the way the debate on the regular budget motion was resumed, Hon. V. W. Smith, minister of railways, adjourning until 8 o'clock in the evening.

Afternoon speakers were: J. R. Love, Wainwright; Donald Cameron, Innisfail, and L. Peterson, Taber, from the government benches, and S. G. Tobin, Leduc, and J. C. Bowen, Edmonton, for the Liberals.

Relief in Southeast

Before the debate was taken up in the afternoon, Hon. C. R. Mitchell inquired regarding the government's plans for seed grain and feed relief amongst settlers in the southeastern portions of the province, where, he pointed out, very many cases in effect needed of help and required seed if they were to put in a crop this year.

Hon. George Hoadley said the government was keeping informed on the situation; had provided relief in certain cases, but the government policy of refusing to provide seed grain would not be departed from. He thought mortgage firms interested would see that the settlers had seed grain this year.

RUSSIAN HELD FOR MURDER OF J. H. CALKINS AT WALSH

Late on Friday night a man who was arrested eighteen miles south of Walsh confessed that he was the slayer of J. H. Calkins, C.P.R. trainman, killed at Walsh on Monday morning last. This was the information given out by the investigation department of the railway here on Saturday.

The man is a Russian, giving his name as John Kolesavick. He is said to be 21 years of age, and of low mentality. It is stated that he has admitted robbery was the motive for the crime. He is being taken to Medicine Hat today for questioning.

The arrest, it is stated, was effected by G. Mayo, of the detective force of the railway, and the Alberta Provincial Police.

On Friday evening information was received by the police from a farmer that a suspicious looking man had just passed his farm. This gave the police the only real clue they had since the shooting, and the man's arrest promptly followed. The man, it is stated, had a shotgun in his possession when arrested.

Lethbridge, Mar. 14.—The mystery of the shooting and killing of Brakeman Calkins of Walsh is supposed to have been cleaned up by the arrest of the supposed slayer, according to the A.P.P. here. He is a young Russian named John Kolesavick, age 21, who was arrested on the farm of his parents, 18 miles south of Walsh.

He made a confession of the shooting, the police say, stating that the motive of his being at the station at Walsh was robbery. Those who took part in the arrest were Detective Reid, A.P.P., assisted by C.P.R. Investigator Mayo, Detective Sergeant Williams of the Saskatchewan Provincial Police and Constable Cotterell, A.P.P.

The advantage in having a small house is that it isn't so difficult to find the Mah Jongg set.

PRISON PROBE AT LETHBRIDGE ENDS

Lethbridge, March 14.—The jail inquiry was concluded late yesterday afternoon, with the evidence of Warden Driggs taken. The warden insisted that it was the rule that the doctor should report to him in cases of prisoners recommended for hospital. Dr. Wray, earlier in the day, stated that his responsibility ended with his making the entry in the book kept for the purpose in the prison dispensary.

He was of the opinion that the recommendation would be conveyed to the warden by the chief guard, who was expected to read the book.

Mr. Driggs said that he did not know that the late Ed Moore was suffering from erysipelas until two days before his death. When notified of his death by the doctor as he was going into the jail, he expressed his surprise to him that he had not been told of the man's grave condition. He did not make it his business to read the entries in the doctor's journal.

Mr. Justice Walsh said that the inquiry had been as exhaustive and thorough as possible. He would send his report to the attorney-general as soon as he received the typewritten evidence from the stenographer, which he expected would be some time in the week.

The report would be made public at the discretion of the attorney-general. His lordship visited the jail on Monday and inspected the institution.

FUNERAL OF MRS. JOHN DUNBAR

The funeral of the late Mrs. John Dunbar was held from the Methodist church on Tuesday, March 12 and was largely attended. Her daughters, Mrs. Reid from Montana, and Mrs. Pratt from Spokane, Washington, were in Macleod for their mother's funeral. Rev. G. D. Armstrong was the minister in charge of the burial services.

RAISE SILVER FOXES

If you could buy a pair of the best quality prolific Government Registered Silver Black Breeding Foxes on easy terms of payment until November 1st, 1927, for \$350.00, would you be interested?

Fox Farming pays bigger profits than any other industry we know of—the returns are quick and the profits are large. Silver Black Foxes are the greatest mortgage lifters that we know about. They produce yearly returns and are not affected by drought, hail or frost.

Write the Parkhill Silver Black Fox Co., Ltd., 501 Leeson and Lineham Bldg., Calgary, for their pamphlets, "POSSIBILITIES IN FOX FARMING" and "HOW WE CAN SELL GOVERNMENT REGISTERED BREEDING FOXES ON EASY TERMS OF PAYMENT FOR \$350 PER PAIR," or apply to

COOPER'S FAMOUS STORIES SEEN IN NEW SERIAL DRAMA

"Leatherstocking" Depicts Pre-Colonial Pioneer Perils

Edna Murphy and Harold Miller Head Cast of Well Known Screen Artists Who Portray Cooper's Famous Characters in Chapter-Play

Romance, drama, adventure and thrills are blended in perfect proportion in "Leatherstocking," a new Pathescope adapted from Cooper's Leatherstocking Tales. Certainly Cooper's world famous stories provide meaty material which must be kept, but promises in public life, Mr. Hoadley argued, had to be tempered with consideration of what was most advisable in the public interest. Granting that \$300,000 had been turned over from liquor sales to the municipalities this year on a basis of population, Mr. Hoadley went on, the city of Calgary would have received about \$30,000. Such a policy would have necessitated imposing an income tax which would have superseded the service tax in Calgary from which \$50,000 is derived.

CARD OF THANKS

The Women's Institute wish to express their appreciation and thanks to all who in any way assisted them in making the recent convention a success.

GREAT CAST IN NEW DIX STAR PICTURE

Frances Howard Featured in "Too Many Kisses"

Frances Howard, who made her motion picture debut in "The Swan," has her second picture engagement with the Dix in his new Paramount starring picture, "Too Many Kisses," which will be the feature next Monday at the Empress Theatre for a run of two days.

"Too Many Kisses" was directed by Paul Sloane, who made "A Man Must Live." Gerald Duffy adapted the story for the screen from the "Cosmopolitan Magazine" serial, "A Game of Gestures," by John Monk Saunders.

The star plays the role of a fickle young American whose many love affairs result in countless breach of promise suits. His exasperated father ships him off to the Basque country in the Pyrenees to get him away from girls, only to have him fall in love with a dark eyed senorita, Yvonne, played by Miss Howard. All of Gaylord, Sr.'s carefully laid plans go up in smoke.

William Powell, seen in "The Bright Shroud," "Round" and others, plays the part of a villainous captain of the guards in the little village and is a rival of Dix for the love of Yvonne.

"Harpo" Marx, the silent one of the Four Marx Brothers of stage fame, is cast as the town half-wit. Frank Currier has the role of Gaylord, Sr.

Other big names in the cast are Joe Burke, Albert Tavernier, Alice Mills, Arthur Ludwig, Fred Panzer, the last two henchmen of Powell in the production. They

The star plays the role of a fickle young American whose many love affairs result in countless breach of promise suits. His exasperated father ships him off to the Basque country in the Pyrenees to get him away from girls, only to have him fall in love with a dark eyed senorita, Yvonne, played by Miss Howard. All of Gaylord, Sr.'s carefully laid plans go up in smoke.

William Powell, seen in "The Bright Shroud," "Round" and others, plays the part of a villainous captain of the guards in the little village and is a rival of Dix for the love of Yvonne.

"Harpo" Marx, the silent one of the Four Marx Brothers of stage fame, is cast as the town half-wit. Frank Currier has the role of Gaylord, Sr.

Other big names in the cast are Joe Burke, Albert Tavernier, Alice Mills, Arthur Ludwig, Fred Panzer, the last two henchmen of Powell in the production. They

COMING EVENTS

FORESHADOWED

Don't fail to attend the Macleod Band Minstrel Show at the Empress Theatre on Wednesday and Thursday, March 25th and 26th. This will be a real Minstrel Show—the price is reasonable and the object is the noble one—to provide funds for the carrying on of Macleod's own Band. Come and support a good thing. Prices—Adults reserved 75c—rush 50c Matinee for children Wednesday afternoon at 4—children 10c.

For two weeks, starting with March 23rd, canvassers will call at every house and on every one in the farming district for the purpose of selling stock and raising funds for a New Covered Rink. It is up to us all to do our bit. Don't fail to help this community project along with your earnest and undivided support.

FRIDAY ONLY—
March 20:—
LLOYD HAMILTON in his first Comedy Feature—
"HIS DARKER SELF"
based on the original story by Arthur Caesar "Mammy's Boy"

GREAT NEW SERIAL STORY—
"LEATHERSTOCKING"
from the World-famous novels by JAMES FENNIMORE COOPER.
Featuring EDNA MURPHY and HAROLD MILLER.

SUICIDE AT GRANUM

On Monday last at his home just a few miles north west of Granum, Charles Ignatious Nowotny committed suicide by blowing off the top of his head with a shot gun while in bed.

The deceased has been sick for two years with an incurable disease and has often threatened to take his life on account of despondency brought on by being confined to his bed and general ill health.

He is survived by his wife, four sons and one daughter. The late Mr. Nowotny was born in the States and was sixty three years of age.

THREE WISE MEN OF THE EAST

When the ultimate Bible is written for the perusal of all men of all times, it will contain not only the story of the three wise men of the East of the first century, but also the story of another three wise Eastern men of the twentieth.

If Melchior, Gaspar and Balthasar had a profound influence in adding authenticity to the beginning of the Christian era, then Sun Yat Sen, Mustapha Kemal and Mahatma Gandhi have had an even profounder influence in the affairs of this era.

And now the first of these modern "three wise men of the East" is dead.

Sun Yat Sen, Mahatma Gandhi and Mustapha Kemal have been the most tremendous nationalizing influences that have appeared in the Orient since Mohammed and Abu Bekr.

Mustapha Kemal awakened a slumbering Turkey. Gandhi gave India the beginning of a national consciousness.

And Sun Yat Sen swept the "Sons of Heaven" off their throne and substituted that most Western of all Western things, a republic.

The awakening of the Orient, with all its tremendous potentialities for the world, was begun by these three men.

Dr. Sun changed the face of China and altered the lives of 375,000,000 souls. But he spent the greater part of his life as an impoverished surgeon, and a big part of it a fugitive with a price on his head.

He dies without any great recognition from his countrymen or from the nations of the world.

But his work in China, as one of the modern "three wise men of the East," will live long after the blunders of Kaiser Wilhelm, the false philosophies of Nicolai Lenin and the ferocious platitudes of Benito Mussolini are forgotten in the minds of men.

THE DEVIL AT PALM BEACH
Rev. Robert Wightman of New Jersey told his congregation Sunday, that the devil dwells at Miami and Palm Beach. He declared that immorality is rife in these Florida resorts, and he wondered why the Lord didn't send a tidal wave to wipe these places right out.

The Lord doesn't send a tidal wave, as Mr. Wightman advises, for the same reason that a physician doesn't plug up a running sore on the human body with cement and say, "There, that's all better now."

Immorality originates, not in the hotels of Palm Beach, but in the human heart. Opportunity does not create immorality. But immorality creates opportunity.

When a man or woman is morally bad, that badness is going to break out somewhere. And so, if all these people with festering minds can be brought together in some nice bright place to work off their evil notions, it is the lesser of two evils.

It is better to isolate them at Palm Beach than to have them polluting their native towns.

CHEAPER TRANSPORTATION
Railroad managements in North America are reducing cost of transportation, according to figures compiled from 161 reports from 176 steam roads.

Cost per freight train mile in North America during November, 1924, was \$1.57. In November, 1923, the cost was \$1.65.

Costs per passenger train mile for the same periods were respectively, 84 and 90 cents.

If this keeps on who knows?—maybe we'll have a reduction in freight rates and fares.

CANON MIDDLETON ELECTED GRAND FIRST PRINCIPAL OF ROYAL ARCH MASONS OF ALBERTA

The eleventh annual convocation of the Royal Arch Masons of Alberta, said to have been one of the most successful meetings of its kind ever held in the province, was brought to a close on Wednesday last and Rev. Canon S. H. Middleton, of Macleod, was elected Grand First Principal of the order for the coming year. The elections were held late on Wednesday afternoon and the installation took place in the evening. In addition to Rev. S. H. Middleton, the following officers were returned by the vote:

Edwin G. Ironside, Calgary, Grand Second Principal; W. M. McNab, Edmonton, Grand Third Principal; C. R. Weitzel, Calgary, Grand Scribe E.; J. P. Castell, High River, Grand Scribe N.; W. J. Stephenson, Red Deer, Grand Principal Sojourner; H. H. Fletcher, Calgary, Grand Treasurer; George W. Elliott, Edmonton, Grand Superintendent District No. 1; Alex. McKee, Killam, Grand Superintendent District No. 2; C. A. McPherson, Calgary, Grand Superintendent District No. 3; James Cleave, Calgary, Grand Superintendent District No. 4; D. C. McDougall, Lethbridge, Grand Superintendent District No. 5; James R. Flan, Calgary, Grand Lecturer; S. H. Davies, Calgary, Grand Janitor.

The head porter at a certain hotel had been very persistent in his attentions without extracting any substantial recognition from a pessimistic old gentleman, whose many aversions seemed to include the custom of tipping. But the porter was hopeful, and he assisted the old man into the cab that was to bear him away.

"Cloudy day, sir," he ventured to remark, with an expectant smile.

"Yes," replied the stingy veteran, with a significant snort, "and no change coming either."

The Lethbridge Northern Irrigation District will be asked to establish a model irrigation farm near Macleod, showing that results can be obtained from irrigated lands in the production of grains, grasses and fruits.

This experimental farm would not only prove an asset in regard to instruction for the farmers in this district but would act as an inducement to would be purchasers of irrigated farms who came to Macleod on tours of inspection.

The C.P.R. will be asked to carry out their promise of moving the stock yards as per their agreement of last year.

The Board of Trade agreed to stand behind the Indians in their Celebration at Macleod this year, and have invited the Indian Committee to attend the next meeting of the executive in April.

Doubtless they will be happy if the things they have in common include the chewing-gum habit.

That coach was pictured o'er with quaint designs
And built on old-time standard stage coach lines;
The driver perched aloft, and in the back
The trunks were loaded in a bulging rack.

So, velvet-cushioned through the woods of Maine
We drove—no stage will touch again,
And we dreamed back a hundred years ago
When people dressed like portraits traveled so.

That stage is now stored carefully away
With precious relics of a former day,
But of the relics which I keep with me
There's nothing quainter than that memory.

—Marion Steward.

THE LAST STAGE COACH
(Maine—1911)
To ride twelve miles took two long hours or over,
But roads were fringed with fern and sweet with clover.

The roads so dry with dust and deep with sand
Led through the sweetest woods in all the land,
And four strong horses (were there four or eight?)
Just ambled easily—and we were late.

That coach was pictured o'er with quaint designs
And built on old-time standard stage coach lines;
The driver perched aloft, and in the back
The trunks were loaded in a bulging rack.

So, velvet-cushioned through the woods of Maine
We drove—no stage will touch again,
And we dreamed back a hundred years ago
When people dressed like portraits traveled so.

That stage is now stored carefully away
With precious relics of a former day,
But of the relics which I keep with me
There's nothing quainter than that memory.

—Marion Steward.

HOMEMAKERS' CORNER

(Conducted by Miss Alice L. Webb, State College of Washington.)

Equipment for the Kitchen

"The experienced housekeeper knows the equipment that she needs," said Miss Gladys Gallup, home management specialist for the State College of Washington in a recent radio talk over KFAE on "Labor and Time Saving Equipment for the Kitchen." She continued:

"The kitchen cabinet, whether built in when the house is constructed, or ready built, is a helpful piece of equipment. If the supplies are arranged properly a cabinet can take care of many details efficiently.

"Although there is a cabinet in the kitchen, a table is necessary. Wooden topped tables can be treated with linoleum so as to make good kitchen working surfaces, impervious to stains. Then there is the cupboard for dishes, at the end and above the left draining board so that the dishes can be put away without a step.

"The teawagon or small table on silent castors, and the dumbwaiter, both save many steps in meal preparation. One trip down to the cellar, and you can put many articles on the dumbwaiter and send it up to the kitchen. After the meal is over these can be placed on the wagon, wheeled on to the dumbwaiter, and returned to the cellar in a single trip. The wood box near the range saves many

steps. Still better is the wood box that can be filled from the outside.

The Sink

"But is there anything in the kitchen quite so essential as the sink? It is a purchase for a life-time, so it pays to buy one that will stand hard service. A sink equipped with two drain boards is much more efficient than with one, but if space is limited so there is only room for one, a movable table should be used for the extra board. In the single drain board sink there is a tendency to pack soiled dishes in the sink around the dishpan, and it is here the breaking of dishes occurs. If a double drain board is used, the soiled dishes can be neatly packed at the right of the worker and washed towards the left, or the other way around, as preferred. That will depend largely on the position of the dining room door.

"The kitchen sink should be the proper height. With a sink that is low, it is necessary to stoop to work. It is possible to secure leg supports or plain metal piping to make the sink a proper height. This piping can be painted and enameled white so that it can hardly be distinguished as an addition rather than an original part of the sink. The sink should be a convenient height for the worker. The usual height of 30 inches to the top of the rim, is too low for most persons; 35 inches would still be too low. A height of 35 inches from the floor to the bottom of the sink has been found comfortable for workers who are 5 ft. 3 ins. or more, in height.

"The material of the sink should be the best available, and should be non-absorbent of greases and moisture. A wooden sink, even when it received an annual coat of paint, absorbs moisture and grease, but if it is necessary it should be metal lined. These sheets of metal, tin, zinc, or galvanized iron, should be well soldered where joined,

and all parts of the sink, including the tops of the sides, covered with the metal.

"Another plan is to have a cement sink built into a wooden frame and lined with sheet copper or tin. The plain old-fashioned sink has the advantage of rusting, but a one-piece enameled iron sink with high back will prove a satisfactory appliance. This sink should be large enough to hold a dish pan conveniently.

"Enameled iron drain boards are not advisable. They are more showy than serviceable and are noisy and too hard to be safe for dishes. Suitable drain boards may be made of ash and maple or some other wood and covered with zinc like the rest of the table space. For the purpose of shedding water, wooden drain boards should be grooved and zinc-covered boards should be provided with a curved or raised edge. A drain board should slope slightly toward the sink on the rim of which it rests. The resulting board level is obviously about two inches above the sink level. These wooden drain boards can be bound with nichel and can be made capable of lifting back to the wall.

"The use of wood for draining purposes subjects it to the severe test of being continually wet on one side. In order to avoid warping and splitting the sink board should be thick and heavy and well cleated on one side. All wooden drain boards should be treated with a coat of boiled linseed oil each night for weeks until the wood will absorb no more. During the day time the drain board can be washed and scoured as usual. If this treatment is once given, it does not have to be renewed as the boards will not shrink or warp from contact with water because the water sheds from the oil surface."

(To be continued)

DEADLY WAVE OF DISEASE IS CHECKED IN CHICAGO

Chicago, March.—The mysterious respiratory malady which has been sweeping Chicago with such deadly effect appears to be under control. Dr. Herman Bundesen, health Commissioner, declares today, in reporting a reduced death rate for the 24 hours ending at 10 p.m., last night.

Influenza and pneumonia deaths, traceable to the malady, totalled 21 for the 24-hour period, he said. This makes a total of 300 deaths since March 1. Approximately 100 new cases of the malady, which affects the respiratory organs, and brings on influenza and pneumonia, were reported during the same period. "The rain and snow, which we had yesterday, and the extra precautions taken by an aroused public, have had the desired effect, I believe," Dr. Bundesen said. "The number of cases seems to be reduced to a considerable extent, and I think the situation is under control."

MAY BE THEN

The conceited young man had talked about himself till the girl felt she could not endure it much longer. "It cost a great deal more than one would think to become a broad-minded and intelligent man of the world," he remarked severely. "The girl saw her chance and took it. "I suppose so," she said, "and I don't blame you for saving your money."

SO HE DID

A boy at a party the other night boasted that his father presented him with a beautiful silver spoon, bearing the inscription: "For a good boy." "That's nothing," retorted another, wishing to prove that his own family could do better. "My father went out to dinner last night and he brought me home a silver fork with 'Cosmopolitan Hotel' on the back. So, there!"

WINNIPEG KIDDIES — EMPRESS SATURDAY, MARCH 21st—MATTINEE AND NIGHT.

CAPITAL GOSSIP AND PROV. NEWS

Value of Farm Lands

According to a bulletin issued by the dominion bureau of statistics, the average value of occupied farm lands in Alberta is placed at \$25 an acre, compared with \$24 for 1923. The highest average is British Columbia with \$95 an acre. Alberta has the lowest average price per acre of occupied farm lands in all the province of Canada, save Saskatchewan, where the average value is estimated at \$24 an acre. Manitoba's average is \$28 an acre.

Municipalities Have Done Well

Sixty-eight municipalities in Alberta during 1924 were able to finance their operations during the whole of that year without a cent of borrowed money, according to the annual report of the provincial department of municipal affairs which was presented to the Legislature the past week. Out of the total of 169 municipal districts in the province, only eight have outstanding debenture indebtedness, which totals \$61,000,000. Of the 101 districts which had to borrow money for current year's operations, all but 29 repaid the borrowings for the year. The districts have met all the debenture payments falling due in 1924. The debenture issues of municipalities during the year totalled as follows: Cities \$3,756,196.98, towns \$15,000, villages \$9,500, grand total \$3,780,696.98 of which \$3,699,843.58 was for refunding issues, leaving \$80,853.40 as new issues.

Wild land tax was levied in 1924 on 4,304,180 acres, the levy totalling \$537,026.83.

The revenue of the department was slightly increased from 1923, totalling \$2,332,534.55, which, however, was short of the estimated revenue by \$505,219.86, chiefly made up by the disallowance of the mineral rights tax.

University Report

In 1924 the University of Alberta had 1,341 registered students, according to the annual report of that institution. Of these 908 were men and 433 women. These of British birth were 905 of which 700 were Canadian and 200 Albertans. Those of foreign birth totalled 250, of which 193 were Americans. There were 180 not specified. The registrations in the various faculties were as follows:

Arts and sciences 738, applied science 117, medicine 200, law 109, agriculture 158, pharmacy 46, correspondence courses 94, Bachelor of Divinity 3, nursing 17. Total 1,482 minus 141 in double courses, leaving the net total registrations at 1,341. The University received during the year a total of \$525,000 from the Rockefeller Foundation of which \$25,000 was interest on the endowment of \$500,000.

1924 Value of Agricultural Products

Total value of all agricultural production, including game and furs, is estimated at \$217,477,808.23 for the year 1924, according to the statistics prepared by the publicity branch of the Department of Agriculture. The statement prepared by the Department of Agriculture is prepared in conjunction with the Dominion Bureau of Statistics, and is an estimate of the market value of all branches of agricultural production. Though the grain crops were very much less in total yield than the crops of 1923, increases in other lines of production and increased prices more than made up the deficiency. The value of grain, hay and greenfeed is one item which shows a large increase over last year, both on account of the fact that a great deal of the grain was used as greenfeed and that the value per ton was about three times that of the year before.

The acreage in wheat in 1924 is estimated at 5,573,813, and the average yield at 11 bushels, giving a total yield of 61,311,943 bushels, compared with an average of 28 bushels and a total yield of 144,834,000 bushels in 1923. The average yield of oats for 1924 is shown at 30 bushels, compared with 50 the year previous, and the average yield of barley at 25 compared with 38 1/2 the year before. Honey is included in the 1924 statement for the first time, and is given at 55,000 tons with a value of \$13,750.00. Poultry products show an increase, and animals slaughtered and sold are estimated at a value of \$20,772,593.74 compared with \$17,146,000 the previous year.

Million-bushel Shipping Points

Four points on the Lethbridge division of the C.P.R. shipped more than a million bushels of grain each

in the shipping season of 1924-25. These points were Vulcan with 1,135,000 bushels, High River with 1,032,000 bushels, Nanton with 1,029,000 bushels, and Cardston with 1,000,809 bushels. The total shipments of the division to March 1, were 22,500,000 bushels of which 19,750,000 bushels was wheat.

Good Price for Land

A price of \$83 an acre for a farm near Claresholm, Alberta was reported in a sale made during the past week. This is the highest price paid in that district for some years, according to the Lethbridge Herald.

Indian Reserve Land Sold

A township of land in the Saddle Lake Indian Reserve, 45 miles north-east of Vegreville, was sold the past week for a total of \$187,200 of which half will go to the Indians of the reserve, in cash, and the other half in the reserve fund in trust for the Indians.

Alberta Coal for Ontario

Arrangements are now being made for the shipment of 100,000 tons of coal from Alberta mines to the Ontario market, under special arrangement with the railways, the provincial governments of Alberta and Ontario and the federal government.

Public Shooting Grounds

Public shooting areas have now been established in Alberta and other provinces by the federal government. In Alberta there will be 32 of these areas, chiefly surrounding lakes, it is expected. The game commissioner of Alberta has not yet received official information as to the location of these areas.

Rural Credit Societies Do Well

Rural credit societies in Alberta appear to be in a healthy state, according to reports available in the provincial government offices. With about \$900,000 outstanding collections during 1924 amounted to about 60 per cent, which is considered a good showing. There are now 28 rural credit societies in the province. The government recently was able to secure for the societies a reduction on interest rates to 6 per cent.

Short Course on Bacon Hogs

The indications are for a good attendance of farmers at the short course on bacon hogs to be held at the dominion experimental farm at Lacombe on March 26 and 27. This is being held under the auspices of the dominion livestock branch, dominion experimental farms branch, provincial department of agriculture and faculty of agriculture of the university. The program of the first day will include discussion of the feeding and management of hogs at the morning session and discussion and demonstration of the market type of hogs in the afternoon. On the second day there will be discussion and demonstration on the type of breeding hogs in the morning and inspection and discussion on bacon carcasses in the afternoon.

Newspapermen's Convention

The annual convention of the Alberta and British Columbia Press Association is to be held in Edmonton, Alberta, this year, on August 28 and 29.

BRITAIN REJECTS SECURITY PROTOCOL

Geneva, March 12.—Anglo-French accord on the League of Nations security protocol was ruptured today when Austen Chamberlain, British foreign secretary, announced in an address before the league's council that England had reversed her stand and that the protocol no longer was acceptable.

England had ascertained, Mr. Chamberlain said, was unacceptable to Canada, Australia, New Zealand, India and South Africa. He said that as these dominions were league members they would announce their own views in the matter, either before the assembly or by communicating with the league's secretariat. Ireland's stand on the protocol had not been ascertained, Mr. Chamberlain said.

Mr. Chamberlain, in emphasizing the position taken by Canada and the other self-government units of the British Empire, made it clear that the British attitude toward the protocol was that of the empire and resulted from consultation and close co-operation between the dominions and the mother country.

The British foreign secretary made his address before a chamber so closely packed that there was scarcely breathing space.

Canada's Objections

Ottawa, March 12.—Canada does not subscribe to the League of Nations' protocol, Premier King informed the house this afternoon. Mr. King stated that by agreement with the British government the position of the Canadian government was to be made public simultaneously with the statement of the foreign secretary at Geneva as to the attitude of the dominions.

Four principles are set forth in the Canadian government's dispatch. In the first place, whole-hearted support is given to the purposes of the League

you become disabled what about your Life Insurance?

"I HAVE always hesitated about increasing my life insurance because of the responsibility I would have to assume for the premiums," said a man who typifies a considerable class. "I always pictured myself in some situation, perhaps disabled through an accident, where I might be unable to pay the premiums. But you may now insure against this possibility of future inability to pay your premiums. For a small additional charge the Mutual Life of Canada will issue your policy subject to a clause which provides that in case of total and permanent disability the Company will waive further premiums.

That is not all. Upon approval of proofs of disability, the Company will not only waive future premiums, but will pay \$10 a month per \$1,000 of assurance, so long as total disability continues.

And further, if the policyholder should die by accident the Company will pay double the amount of life insurance named in the policy. These new clauses are optional in all old or new Mutual policies if assured be over 15 or under 55 years of age.

The MUTUAL LIFE OF CANADA: Waterloo, Ontario.

LOCAL AND PERSONAL NEWS

Mr. Clement of Granum was a business visitor to Macleod this week.

Mrs. W. R. Morrison was a visitor to Coleman last week, a guest of her parents.

Inspector James of the Liquor Department was a visitor to Macleod this week.

The concert given by the ladies of the Broom Ball Club, in the Empress Theatre, on March 9th, in aid of a Covered Rink Fund, proved a complete success. Total amount taken in from the concert and dance, \$254; expenses \$63.05; total funds on hand \$208.10. The members of this club wish to

thank those who rendered such kind and able assistance and the public for supporting it so whole-heartedly.

A card party and dance was held at the home of Mr. and Mrs. Edgar Greenwood on Thursday night, when an enjoyable and jolly evening was had by a large host of friends.

The Committee in charge of organization re the New Combined Rink met in the Rest Room on Monday afternoon, and appointed committees composed of some of our leading citizens to canvass the town from house to house re selling stock and raising funds for this worthy community project. We feel confident

the citizens will give this committee every consideration and assist them in their efforts in every possible way.

Mr. and Mrs. W. V. Price left on Tuesday of this week for southern California, where they will spend four week's vacation.

C. W. E. Gardiner who has been confined to his bed for some time with a bad attack of 'flu is now well on the road to recovery.

The R.C. Ladies' Aid tea and sale of work on March 17th, and S. Heap was lucky enough to secure the ham, or as Sam says "He took home the bacon."

Mrs. Ruth Ferguson won the big cake at the R. C. Ladies' Aid tea and sale of work on March 17th, and S. Heap was lucky enough to secure the ham, or as Sam says "He took home the bacon."

The 93rd Battery will hold a parade on Monday evening, March 23rd at 7.30 o'clock. All members and those wishing to join are asked to attend. The parade will be held at the Armouries.

On Friday last the death occurred, from pneumonia of Dorothy Thornton aged 6 months, the baby daughter of Mr. and Mrs. Charles Thornton of Macleod. The funeral was held from the Methodist Church on Saturday last.

The regular meeting of the Town Council was held at the Town Hall on Monday evening last. There was a full attendance of Councillors with the Mayor presiding. Only routine business was taken up and the usual monthly reports and accounts passed.

At the regular monthly meeting of the Macleod Women's Institute, held on Wednesday of this week in the Odd Fellows' Hall, demonstrations of sewing were given by Mrs. A. Taber, Mrs. Perry and Mrs. Eckmire, and which evoked much interest among members present.

J. D. Matheson, barrister, on Wednesday received a telegram from his agent at Ottawa, stating that in the action of Maunsell Brothers vs. the King, tried recently in the Exchequer Court at Ottawa, judgment has been awarded the plaintiffs (Maunsell Brothers) for damages with costs.

The Women's Institute are planning to give boys and girls prizes for the best flower boxes and tidiest back yards. This work will come under the standing committees of "Agriculture," and "Better Schools and Education." Mrs. A. F. Adams convener of the former, and Mrs. J. B. Sutherland convener of the latter.

The Macleod Agricultural Society have prepared their prize list for the coming Fair in August of this year, and as soon as the compilation of the booklet is arranged it will be placed in the printer's hands. There is very little alteration excepting a special class for registered Belgians will be added to the horses, while Special Sussex is included in the poultry classes. A splendid program of races and attractions has been arranged and Macleod will be assured of a first rate fair with abundance of attractions and entertainments.

Dr. Robert Elder, of Granby, Quebec, is located in Macleod for the practice of his profession. The Doctor is a graduate of McGill University, and has taken post graduate courses in New York and Chicago, and conducted a private hospital at Granby for eight years, and comes worthily commended. As soon as Doctor Elder can obtain a suitable house his family will take up residence in Macleod. He, in conjunction with R. A. Clement, accountant of the Canadian Bank of Commerce at Granum, has acquired an interest in the Rexall Store, part of which will be fitted up as an office for Dr. Elder. Mr. Clement and family also intend residing in Macleod.

The Local Council of Women are glad to be able to announce that arrangements have been made to have the eyes and teeth of the pupils of the Macleod Public School examined. Through the kindness of Dr. Fanset, Dr. Mills, Mr. Russell and Mr. Doney in giving their services free of charge it has been possible to have this work done. The test made for the eyes is merely to determine if the pupil has defective eyesight. The Department of Health has furnished cards to be given to those pupils whose eyes or teeth need attention. It therefore rests with the parents to take the necessary steps to remedy the defect. Mr. Russell will receive the pupils of grades 4, 6 and 8 at his store on Wednesday afternoons to examine the eyes. There is no charge and no obligation to purchase, and as stated above, the examination is merely to detect any defect in the eyesight. Mr. Doney will examine the pupils of grades 3, 5 and 7 at the school. The examination of the teeth by Dr. Mills and Dr. Fanset will take place at the school.

CARD OF THANKS

The sons and daughters of the late deceased Mrs. John Dunbar wish to thank the many friends and acquaintances who extended help and sympathy on the occasion of the death of their mother.

Will anyone knowing the whereabouts of N. D. Jones, who was last heard of in Toronto, please write to John W. Miller, Lock Box 212, South Bend, Indiana, U.S.A.—it will be to his interest.

One reason why knights of old wooed so ardently was because they didn't have so much co-operation.
